**Lake Orion Community Schools**  
County of Oakland  
State of Michigan

Shall the Lake Orion Community Schools, County of Oakland, State of Michigan, borrow the sum of not to exceed One Hundred Sixty Million Dollars (\$160,000,000) and issue its general obligation unlimited tax bonds, in one or more series, for the purpose of paying for the cost of the following projects:

- Remodeling, equipping, re-equipping, furnishing, re-furnishing school buildings, athletic fields, playgrounds and other facilities for safety and security, energy conservation and other purposes;
- Erecting, completing, equipping and furnishing a replacement elementary school, a new early childhood center facility and security entrance additions and other additions to existing school buildings;
- Acquiring and installing instructional technology infrastructure and equipment in school buildings and other facilities; and
- Preparing, developing and improving sites at school buildings, playgrounds, athletic fields and other facilities for traffic control, safety and security and other purposes and the purchase of school buses?

The maximum number of years any series of bonds may be outstanding, exclusive of refunding, is not more than twenty (20) years; the estimated millage that will be levied to pay the proposed bonds in the first year is 0 mills (which is equal to \$0 per \$1,000 of taxable value); and the estimated simple average annual millage that will be required to retire each series of bonds is 3.99 mills annually (\$3.99 per \$1,000 of taxable value). The annual debt millage required to retire all bonds of the School District currently outstanding and proposed pursuant to this ballot is expected to remain at or below the current annual debt millage of 7.49 mills.

If approved by the voters, the bonds will be guaranteed by the State under the School Bond Qualification and Loan Program (the "Program"). The School District currently has \$76,525,000 of qualified bonds outstanding and \$10,963,213 of qualified loans outstanding under the Program. The School District expects to borrow from the Program to pay debt service on these bonds. The estimated total principal amount of additional borrowing is \$6,982,463 and the estimated total interest thereon is \$10,304,882. The estimated duration of the millage levy associated with that borrowing is 13 years and the estimated computed millage rate for such levy is 7.49 mills. The estimated computed millage rate required to be levied to pay the proposed bonds may change in the future based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited, and the proceeds cannot be used for teacher, administrator or employee salaries, repair or maintenance costs or other operating expenses.)

**Road Infrastructure Improvement Millage**

Shall the Charter Township of Independence be authorized to levy a new additional millage of up to 2.0 mills (a tax limitation increase of up to \$2.00 per \$1,000 of taxable value on all taxable property in the Township) for a limited period of four (4) years, starting with the December 2018 levy, for purposes of funding the improvement, rehabilitation and repair of County public roads including, but not limited to, parts of Sashabaw, Clintonville, Waldon, Maybee, Clarkston, White Lake, Andersonville, Holcomb, Flemings Lake, Walters, and Eston Roads (amounting to an estimated 28 miles of roadway) in the Charter Township of Independence?

**Road Infrastructure Improvement Millage**

Shall the Charter Township of Independence be authorized to levy a new additional millage of up to 2.0 mills (a tax limitation increase of up to \$2.00 per \$1,000 of taxable value on all taxable property in the Township) for a limited period of four (4) years, starting with the December 2018 levy, for purposes of funding the improvement, rehabilitation and repair of County public roads including, but not limited to, parts of Sashabaw, Clintonville, Waldon, Maybee, Clarkston, White Lake, Andersonville, Holcomb, Flemings Lake, Walters, and Eston Roads (amounting to an estimated 28 miles of roadway) in the Charter Township of Independence?

If approved and levied, it is estimated that this proposal will result in the authorization to collect an estimated \$3,167,648 in the first year. It is estimated that 99.13% of the annual millage revenue will be disbursed to the Charter Township of Independence for public road improvements and, as required by law, 0.87% (8.7 tenths of one percent) will be disbursed to the Sashabaw Road Corridor Improvement Authority collected solely from properties located in the Sashabaw Road Corridor Improvement Authority District.
